## **AUTOHISTORIC**

Job title	Restoration Engineer
Salary	Ranging from £35,000 - £42,000 (DPE)
Hours & Location	Monday – Friday, Full Time (40 hours)
	Flexibility on hours can be offered for the right candidate following a successful probation
	Workshops based in Chiddingly, East Sussex (BN8)
About Us	Autohistoric Ltd is a highly respected restorer of Veteran, Vintage, Historic and Classic Cars will a strong reputation for exceptional craftmanship and attention to detail.
	We are a small team of talented engineers with a broad range of ma- chining, fabrication, and mechanical skills.
	We have a deep ingrained passion for all things veteran and vintage and we pride ourselves on our attention to detail, comprehensive knowledge, our experience, and our customer service. We are looking to recruit a like-minded skilled restoration engineer with a keen interest for historic vehicles.
Job Summary	In this role, you will be working on all aspects of vehicle restoration, preservation, maintenance and upgrade and repair projects.
	Projects within our workshops can include complex restoration or recreations, general servicing and maintenance and longer-term full restorations.
	Given the varied nature of work, applicants for this role will not only need to have proven experience and a thorough understanding of motor vehicle engineering, problem solving and diagnostic skills will be essential. You will need to be a strong team player, preferably with experience of working on longer term projects.
	Our ideal candidate will have experience with welding, lathe and milling machines and fabrication; however, we welcome applications from individuals without this experience.
	If you take pride in fixing, not just replacing, and want to work on vehicles from some of the most iconic eras of motoring, we want to hear from you.
Key tasks & responsibilities	<ul> <li>Carry out high-level mechanical restorations, servicing, diagnostics, upgrades and maintenance on historic vehicles</li> <li>Diagnose and repair faults using traditional diagnostic methods</li> <li>Preserve originality where required by the customer, using authentic restoration techniques</li> <li>Prioritise safety and longevity of repairs at all times</li> <li>Where required, attend events such as Car Club Track Days, London to Brighton Veteran Car Run, Goodwood etc. to support and</li> </ul>
